CHARISMA EDGES OUT CHAOS IN BREEDERS' CUP

Knicks Go has early lead in Breeders' Cup Classic
Breeders' Cup/Eclipse Sportswire

The Week in Review, by T.D. Thornton

This year's Breeders' Cup revealed itself as a microcosm of the current state of North American racing: An inability to dodge off-track dysfunction (Friday) paired with sensational on-track action (Saturday).

Luckily, the corking performances unleashed over the course of the two-day thrill show were emphatic enough to spark more than a few exhilarating expectations for 2022.

That will make it a touch easier to endure an entire winter of winning at the oft-repeated social media meme "for purse money only" while simultaneously wondering if the presumed juvenile champ will even be allowed to compete in next year's GI Kentucky Derby.

Other topical industry subplots also surfaced over the course of the 14-stakes lineup at Del Mar Thoroughbred Club. Among them were the continued globalization of high-end racing, the phasing-out of Lasix, and recently reformed whip rules.

The first of those three was a welcome development, with two horses bred and campaigned by Japanese connections breaking through in the world championships for the first time.

The latter two regulatory transitions proved only to be bit players in the overall performance, with neither triggering the levels of harm and alarm that have long been prognosticated by opponents of change. **Cont. p10**

ESSENTIAL QUALITY TO STAND FOR \$75,000

Essential Quality (Tapit)-Delightful Quality, by Elusive Quality, last year's champion 2-year-old and winner of this year's GI Belmont S. and GI Runhappy Travers S., will begin his stud career next year at a fee of \$75,000. Darley in America announced Sunday. Essential Quality concluded his racing career with a third-place effort in Saturday's GI Longines Breeders' Cup Classic.

"His body of work is just tremendous: an Eclipse champion at two, a Classic winner at three, a son of Tapit with a fantastic female family," said Darley Sales Manager Darren Fox. "He's already generated quite a lot of interest and we couldn't be more excited about him retiring to Jonabell Farm."

Essential Quality won eight of 10 starts, including last year's GI TVG Breeders' Cup Juvenile and GI Claiborne Breeders' Futurity, as well as this year's GI Jim Dandy S. and GI Toyota Blue Grass S. He retires with earnings of \$4,755,144. **Cont. p10**

THE OWNERS OF CHANEL RACE IN AMERICA AND FRANCE

Gerald and Alain Wertheimer, the French billionaire owners of Chanel, open the TDN an average of seven times per day, and open virtually every push alert they receive from us.

IRELAND'S WEALTHIEST

John Magnier, the Irish billionaire with real estate holdings around the world, prints out the TDN every day, scribbles notes in the margins, and sends them to his associates. He owns Thoroughbred farms on three continents, is our biggest single advertiser. His son, M.V., who will take over the empire, never misses the Writers' Room podcast, and has just become a sponsor. They have a robust American business, standing two Triple Crown winners at their Ashford Stud in Kentucky.

AMERICAN AND GLOBAL ROYALTY

Standard Oil's **Farish Family**, which hosted the **Queen of England** on her American visits, is our second-largest advertiser, and communicates with us daily. The Queen advertised her stallion, Recorder in the TDN.

Standard Oil's Farish Family own Lane's End Farm in Versailles, Kentucky and are our second-largest advertiser.

THE RULER OF DUBAI

Sheikh Mohammed, The Ruler of Dubai, also owns Thoroughbred farms on three continents, including North America, and is our third-largest advertiser. His U.S.-based Thoroughbred auction company, Fasig-Tipton, is our fourth-largest advertiser, making his total spend with us annually around three-quarters of a million dollars.

Sheikh Mohammed (in red) with his advisors at the Tattersalls Sale in October. He purchased an average of three advertisements per day in the TDN to advertise his stallions.

AFFLUENT INVESTORS

The rest of the top 10 includes billionaires in communications (Excel's **Kenny Troutt**), the family that owned the Pittsburgh Pirates (the **Galbreaths**), **George Soros's** equine operation (SF Bloodstock), and the farm owned by the billionaire founder of Public Storage, the late B. Wayne Hughes, whose family now takes over the operation.

AMERICAN INDUSTRIALISTS

For people who don't own a sports team, a racing stable is the next best thing.

Peter Brant's Racing Renaissance

His father always told him how his were "the first footsteps in the snow." Long days, hard work, crepe paper and cork factories: a classic immigrant tale of New York. But there was an intellectual legacy, too. The man spoke 13 languages. Thirteen! Now Peter Brant is in turn reiterating to the next generation-and he has no fewer than nine children-that wealth alone is no guarantee of fulfillment, that it must be sustained by engagement with the challenges and beauty of a world widened by privilege.

Peter Brant attends the "Warhol" Exhibition Press Conference and Press Preview at Palazzo Reale in Milan, Italy | Getty Images

"I had a father I was very close to, and not a day goes by where I don't think about him," Brant says. "He was a great man. And he always told me that what you have between your ears is all you've got. And never to count on anything other than that, because it will lead to misfortune. And I try to tell the same thing to my kids."

Sure enough, while his twin passions plainly require uncommon funds, both his art collection and his racing stable measure resources of quite another kind, if equally rare. For both answer the same kind of inner need.

There's No Cooling Off Sub-Zero's Jim Bakke

[Previous Story](#) | [Next Story](#)

By *Bill Finley*

Owner Jim Bakke's experience in horse racing has been fairly typical. He started off with a small stable, didn't have much success and waited for his day to come. It looks like he's not going to have to wait any longer.

Along with Gerald Isbister, Bakke is the co-owner of "TDN Rising Star" Jack Christopher (Munnings), a Chad Brown-trained colt who brought down the house Saturday with an 8 3/4-length maiden win at Saratoga. Jack Christopher, who is named for Bakke's six-month-old grandson, will head to the GI Champagne S., which could be a springboard to the GI Breeders' Cup Juvenile. Bakke is also the owner of *Girl With a Dream* (Practical Joke). She broke her maiden impressively on July 24 at Ellis Park and will make her next start in Sunday's GI Spinaway S. for trainer Brad Cox. The hope is that she will earn her way to the GI Breeders' Cup Juvenile Fillies.

Jack Christopher earned a 92 Beyer figure, just one point less than the leader among 2-year-olds, Big City Lights (Mr. Big).

Major Boost to Farr-Sighted Program

It is still relatively early days in his Turf adventure. But no matter how much Paul Farr can build on what is fast becoming a pretty serious commitment, he may never experience a more succinct sample of its ups and downs-and how bewilderingly entwined those tend to be-than his debut involvement in a graded stakes.

That came just a few days ago, in the GIII Iroquois S. at Churchill: the first chance to bank starting points for a certain race staged on the same track next May. Time to start dreaming. Unfortunately Magnolia Midnight (Midnight Storm), a Colonial Downs maiden winner owned in partnership by his Titledown Racing Stables, dropped right out to finish last behind Major General (Constitution). On the other hand, the exciting winner happens to be the first foal out of an unraced daughter of Uncle Mo, No Mo Lemons, Farr had acquired from the estate of the late Gerry Dilger for just \$70,000 at Keeneland last November.

RACING IS THEIR PASSION

These people have two things in common: **Racing is their passion**, and the TDN helps them to enjoy it—and profit from it. They are entrepreneurs and businesspeople, constantly investing in new projects, **actively engaged in the business of amassing wealth**, and requiring financing.

Mike Repole and Vinnie Viola celebrate another success with their trainer, Todd Pletcher.

UHNWIs

The TDN's core audience is made up of ultra-high-net worth individuals, like Leucadia Asset Management's **Sol Kumin** (right), who primarily invests in successful horses already racing, purchasing pieces of them to enjoy in partnership groups made up of his friends. Florida Panthers' owner Vinnie Viola and BodyArmor's Mike Repole spent \$16 million on young Thoroughbreds in 2022 alone.

\$4-MILLION CURLIN-- BEHOLDER COLT LEADS 'MAGICAL NIGHT' IN SARATOGA

Sales-topping hip 165 | Fasig-Tipton

by Jessica Martini & Christina Bossinakis
SARATOGA SPRINGS, NY - The Fasig-Tipton Saratoga Sale of Selected Yearlings, which looked to have a tough task to live up to its record-smashing 2022 renewal, proved more than equal to that task and, when a fast and frenetic session concluded Tuesday night, the auction had once again set high-water marks for gross and average and tied its record median.

"We have experienced some magical nights in Saratoga in the past and you've heard me talk about the Saratoga magic, but we ain't seen nothing like tonight," a jubilant Fasig-Tipton President Boyd Browning, Jr. said Tuesday night.

SAEZ PICKS UP TRAVERS MOUNT ON MAGE
by Bill Finley

Luis Saez will ride **Mage** (Good Magic) in the upcoming GI Travers S., it was announced Tuesday afternoon in a tweet from trainer Gustavo Delgado, Sr.

He replaces Javier Castellano, who won the GI Kentucky Derby aboard the colt and also guided him to a third-place finish in the GI Preakness S. and a runner-up effort in the GI Haskell S. Saez rode Mage to a second-place finish in the GI Florida Derby. Saez opted to ride **Tapit Trice** (Tapit) in the Derby for trainer Todd Pletcher. **Tapit Trice** finished seventh.

Castellano is also the regular rider of **Arcangelo** (Arrogate) and won the GI Belmont S. on that colt for trainer Jena Antonucci. Like Mage, Arcangelo is being pointed to the Aug. 26 Travers.

"We have a tremendous amount of love and respect for Javier and we accomplished together what is a lifetime dream for everybody in racing," said Mage co-owner Ramiro Restrepo. "We are fully cognizant, fully aware of the difficult decision that he was facing when it came to picking between two very talented colts, both winners of American Classic races.

"It is our understanding that there will be a full field in the Travers of 11 or 12 horses. With most of those horses, they have riders spoken for them. We know Javier was having a difficult time choosing between both horses. There's not many jockeys available as the field is starting to take shape. We didn't want to be put in a position where we were left without a top rider if Javier chose otherwise. It was in our best interest to secure a rider who knows the horse and rode him to a great second-place finish in the Florida Derby." **Cont. p17**

TDN VIDEO OPPORTUNITIES

The TDN offers three distinct opportunities for advertisers to play commercials in our content.

VIDEO PREROLLS ON MAIN VIDEO PLAYER

Our featured video plays prominently on our homepage, and we show over 2 million videos per month. Each video is preceded in a rotation by one of four advertisers' commercials. The spots are 30 seconds, but the user is given a skip option after 12 seconds, giving each advertiser approximately 75,000 views per month, of at least 12 seconds.

Cost: \$2,750 per month (sold out in 2023)

FULL COMMERCIAL + BANTER IN TDN WRITERS' ROOM

The most popular videos we do are the TDN Writers' Room, a weekly roundtable show where our writers discuss the week's events, and feature a guest. The show is 60-90 minutes long each week, and offers commercial breaks where we roll your full 30-second commercial, and the hosts banter about your product based on notes that you provide. Each week's show gets between 20,000 to 50,000 views, and is also added to our YouTube page, where it gets additional exposure.

Cost: \$500 per week

SPONSORED VIDEO

Show your promotional video on the TDN homepage, where it will receive tens of thousands of views in our sponsored video box.

Cost: \$1,000 per week or \$2,500 per month

In a very small percentage of cases, the horse in question suffers a rupture of the aorta or other large vessel, which will be evident during the necropsy examination. Once the necropsy examination is complete, the findings will be sent to a panel who will conduct their own post-mortem review of the fatality, looking at the broader circumstances leading up to the catastrophic injury, like the horse's regulatory history. Examples of these review panels' final reports can be read [here](#).

Between 2011 and 2013, seven Bob Baffert trained horses died suddenly during training or racing. A subsequent [CHRB](#) report found that Baffert-trained horses during that period were significantly more likely to die from sudden death than non-Baffert trained horses, calling the difference "dramatic." The report noted that the horses had been administered thyroxine—a thyroid hormone used to treat hypothyroid conditions—and that use of thyroxine is "concerning in horses with suspected cardiac failure."

However, because the drug had been administered to all horses in Baffert's care at that time, the use of thyroxine "does not explain why all the fatalities occurred," the report found.

Baffert subsequently explained that he had stopped using the drug.

Predictably, PETA issued a statement Monday lashing out at the sport and urged that Baffert be banned.

"It's premature to say that Medina Spirit died of a heart attack or what the true cause of his fatal collapse was, given that many of trainer Bob Baffert's horses have suddenly dropped dead," the statement read. "Seven of Baffert's horses died mysteriously during a 16-month period that was suspiciously linked to his reckless and routine habit of administering the powerful hormone thyroxine to horses without thyroid conditions. Baffert has continued to be embroiled in drug controversies since then, including when Medina Spirit tested positive for drugs in the Kentucky Derby. All of Medina Spirit's veterinary records must be seized, and a thorough investigation must be conducted. Baffert's attorneys must not be allowed to control the narrative. PETA urges Santa Anita and Del Mar officials to bar Baffert, pending the outcome of an investigation and a necropsy."

Value Sires cont. from p1.

For the vast majority, in numerical terms, the only way from here is down. As such, the covering stats do not augur terribly well for some of those we thought best value. And maddeningly, because these cycles are so self-fufilling, it's hard to turn things round if you do struggle for early traction. A disappointing first book places a tough burden on its graduates to get you over the hump of the intervening couple of crops, which will tend to be smaller yet. So our faith in one or two, while undiminished, may not obviously yield "value" in the shorter term. If fairly priced now, at least measured by your odds of getting a runner, they are probably going to become better value yet during the next year or two.

At the other end of the spectrum, though the most expensive of the intake, Horse of the Year Authentic covered as many as 229 mares—only one fewer than the busiest stallion in the land, Goldencents. (Both, of course, are sons of into Mischief standing alongside their champion sire at Spendthrift.) A number of other

His first crop, standing fourth by earnings, has matched [Practical Joke](#) and [Connect](#) with five black-type performers (including a GI Adirondack S. runner-up), only from fewer runners. His 19 winners from 57 starters meanwhile represents a similar base ratio, leaving [Classic Empire](#) deficient only in the kind of headline acts that so often make or break a young stallion's career. But he might well have found one of those in [Rocket Dawg](#), who started repaying his \$375,000 yearling tag when impressing on debut for Brad Cox at Churchill last month. A couple of days later the \$550,000 2-year-old, [Classy Edition](#), extended her unbeaten start for Todd Pletcher with a second stakes win.

Those were just a couple of late-season straws in the wind. Having excelled both in the ring and on the track, however, they represent a sample of the kind of stock that could quickly turn round the four consecutive fee cuts suffered by their sire. Over the years, the yearling market has acclaimed eventual duds as routinely as it has underrated sires of real potency. And if [Classic Empire](#) has so far achieved only a modest commercial yield, then his sliding fee has at least maintained sufficient traffic (321 mares across the last three seasons) to keep him in the game as he starts to draw out some exemplary old-school flavors in his pedigree.

Remember how [Classic Empire](#) unsetled his rider leaving the gate in the GI Hopeful S.? The opening was gratefully seized by his future studmate [Practical Joke](#), but it was [Classic Empire](#) who regrouped to be champ. Maybe he could yet do something similar now.

VALUE SIRES: FIRST JUVENILES IN '22

Silver: [MO TOWN](#) (Uncle Mo—Grazie Mille by Bernardini) \$7,500 Ashford

Now here's a guy whose every trajectory is climbing sharply-- with the solitary exception of his fee, which is 40% down on his opening \$12,500. Time, in other words, for breeders to catch a rising tide... In 2020, down to \$10,000, he received 108 partners. Last spring, however, came a transformation: encouraged by Uncle Mo's flying start as a sire of sires, no fewer than 204 mares profited from another reduction in his fee (partly, of course, a Covid concession). So whatever Mo Town can do

with his first couple of crops, he is going to be far better placed than most to consolidate.

In the meantime, moreover, Mo Town has made a fine debut at the yearling sales, processing 70 of 78 at an average \$60,250. And his stock is entitled to land running...

Momentum is exactly what Mo Town has now, at a stage in his career when most rivals are nervously treading water.

And that was consistent with the dash [Unifed](#) had shown in his own career, despite never making the track himself at two. He landed running with a 99 Beyer, clocked 1:47.14 in the GI Peter Pan, and missed the GI Carter H. by just a neck. And he has the physique and pedigree for his first sophomores to stretch that speed, too.

However, the really staggering advance made by [Unifed](#) since this time last year is the performance of his second crop at the yearling sales. He sold 39 out of 40 into the ring, an unbelievable ratio, for an average \$66,846—dizzily multiplying a fee that has, unusually enough, remained constant throughout. Remember that stallions are typically flattered by sales statistics, in that their averages "reward" them for falling to sell their least attractive stock. (Sure, you also have to factor in the occasional ambitious reserve for better models—but the principle stands.) Remember also that almost all stallions absorb considerable erosion in yearling values between their first and second crops, yet [Unifed](#) elevated his by almost exactly half from \$43,390. In the meantime, he had already turned round the slide so familiar in a young stallion's books.
