THE LARGEST UN COUNTER-TERRORISM FRAMEWORK EXPLAINED

 New York

“Since its launch, the Compact has demonstrated a fundamental truth. Countering and defeating terrorism depends on collaboration”.

Mr. António Guterres, United Nations Secretary-General

“The Compact plays a critical role in fostering coordination and coherence among Member States, United Nations entities and other partners in counter-terrorism”.

Mr. Vladimir Voronkov, Under-Secretary-General of UNOCT

ABOUT US

The United Nations Global Counter-Terrorism Coordination Compact was launched by Secretary-General António Guterres in February 2018 to strengthen the coordination of UN counter-terrorism efforts and promote an 'all-of-UN' approach in counter-terrorism.

[The Counter-Terrorism Compact](#) is the largest coordination framework across the three pillars of work of the United Nations: peace and security; sustainable development; and human rights. It currently consists of 47 UN and non-UN entities.

It is the primary institutional vehicle for the coordination and coherence of UN counter-terrorism efforts, and provides support to Member States in their implementation of the [United Nations Global Counter-Terrorism Strategy](#).

The Under-Secretary-General for Counter-Terrorism, Mr. Vladimir Voronkov, chairs the Counter-Terrorism Compact Coordination Committee, which comprises the representatives of all Counter-Terrorism Compact entities, as well as the Chairs and Vice-Chairs of its eight Working Groups.

The Policy, Knowledge Management and Coordination Branch (PKMCB) of the United Nations Office of Counter-Terrorism (UNOCT) serves as the Secretariat of the Counter-Terrorism Compact and works together with all its entities to counter terrorism and prevent the spread of violent extremism.
