INTRODUCTION

The General Assembly, composed of all Member States, is the main deliberative organ of the United Nations and may discuss and make recommendations on all matters within the scope of the Charter. The General Assembly meets each year in regular session and holds special and emergency sessions as the need arises.

The Index to Proceedings of the General Assembly is a bibliographic guide to the proceedings and documentation of the General Assembly. This issue covers the sixteenth, seventeenth and eighteenth special sessions of the Assembly.

The sixteenth special session:

The sixteenth special session of the General Assembly was held in 1989 to consider the question of apartheid and its destructive consequences in southern Africa.

The seventeenth special session:

The seventeenth special session of the General Assembly was held in 1990 to consider the question of international co-operation against illicit production, supply, demand, trafficking and distribution of narcotic drugs.

The eighteenth special session:

The eighteenth special session of the General Assembly was held in 1990 and was devoted to international economic co-operation, in particular to the revitalization of economic growth and development of developing countries.

ARRANGEMENT OF THE INDEX

Part I consists of the following sections:

Sessional Information, listing officers, and providing information on the rules of procedure and on the republication of the resolutions and decisions;

Check-list of meetings, listing the plenary meetings of the Assembly and those of the Main Committees;

Agenda, listing items considered by and brought before the General Assembly together with the agenda item headings under which they appear in the Subject Index;

Subject Index, providing topical access to General Assembly documentation arranged alphabetically by agenda subjects and listing documents submitted under each agenda item, the meetings at which the items were considered and the action taken on each item;

List of documents, listing documents issued in connection with the session and providing information on the republication of provisional documents in the printed Supplements to Official Records;

Part II (Index to speeches) is subdivided into three sections: corporate names/countries, speakers and subjects.

DOCUMENTATION OF THE GENERAL ASSEMBLY

The symbols of the documents of the General Assembly begin with A/-, followed by the session number and an indication of the type of document or Main Committee to which they apply. The number following indicates the number of the document issued in that specific series.

For example: A/S-16/2 is the second in the series of main documents of the sixteenth special session; A/INF/S-16/3 is the third in the information series; A/S-16/AC.1/L.1 is the first in the series of limited distribution documents of the Ad Hoc Committee of the Sixteenth Special Session.

Meeting records are numbered in a similar way. Thus the fourth plenary meeting of the sixteenth special session of the General Assembly bears the symbol A/S-16/PV.4.
