Explanatory Note

SCOPE

1. This index, prepared by the Technical Operations and Publications Service of the Dag Hammarskjöld Library at United Nations Headquarters, is a bibliographical guide to the documentation and proceedings of the sixth, seventh and eighth emergency special sessions and the eleventh special session of the General Assembly, including their sessional Main and Ad Hoc Committees that met during the sessions.

ARRANGEMENT

2. The index consists of the following parts for each session:

(a) Introduction, including list of officers and checklists of meetings of the General Assembly and its Main Committees;

(b) Agenda, with reference to the relevant subject headings used in part (c);

(c) Subject index. Subjects are arranged alphabetically, with reference to the documentation, discussion, and disposition of each item. Agenda item numbers are indicated in parentheses following the subject headings. Names of delegations are noted in parentheses following the meeting number whenever statements are made on a subject not scheduled as an agenda item or on a subject referred to in the general debate in plenary meetings;

(d) Index to speeches. Speeches and statements by representatives are listed in alphabetical order by country or organization, subdivided by subject discussed and by name of speaker, with an indication of the meeting at which the speech was made. Addresses of Heads of State are listed under the name of the country they represent followed by their title and name. Non-procedural remarks by the President of the General Assembly and other officers are included. Statements by chairmen and rapporteurs of committees are included when they presented or explained the reports of their committees in plenary meetings. Statements and speeches made by private individuals representing an organization to which a hearing was granted are listed under the name of the organization. Statements made by officers of the United Nations Secretariat are listed under the name of the office or department they represented;

(e) Numerical list of documents, arranged by document symbols. This list also contains information as to the republication of mimeographed documents in printed Official Records;

(f) A single voting chart of resolutions adopted by recorded or roll-call vote for all four sessions is provided as an annex to this volume. Voting is given only for those resolutions which were adopted in plenary by recorded or roll-call votes.

AVAILABILITY OF DOCUMENTS AND PUBLICATIONS

3. In response to the views expressed in the Fifth Committee, during prior consideration of the item on publications and documentation, that the existing series of documents and meetings had reached such high figures as to be difficult to handle, it has been decided that documents and meeting records for the thirty-first and subsequent sessions of the General Assembly would be numbered in separate series by session, and not consecutively as hitherto. As far as symbol series are concerned, the session will be given in the symbol in Arabic numerals immediately following the indication of the body concerned, while the final element will give the serial number within the particular series concerned. For example, A/ES-6/3 is the third in the series of main documents for the General Assembly at its sixth emergency special session and A/S-11/AC.1/L.6 is the sixth in the series of limited distribution documents for the Ad Hoc Committee of the eleventh special session. The numbering of meetings has been adjusted in a similar way. Thus the first plenary meeting of the sixth emergency special session of the General Assembly bears the symbol A/ES-6/PV.1, while the record of the third meeting of the Ad Hoc Committee of the eleventh special session is cited as A/S-11/AC.1/SR.3.

The General Assembly in resolution 3415 (XXX) approved a set of criteria for the provision of meeting records of United Nations bodies. In accordance with these criteria, the summary records of the Ad Hoc Committee (eleventh special session) will be issued in only one form (as Official Records of the General Assembly), and will cover all discussions, whether substantive or procedural. Corrections to these meeting records will be included in one Sessional Fascicle for that Committee, covering all meetings. The verbatim records of the plenary meetings of the General Assembly will continue to be issued initially in provisional mimeographed form for limited distribution, and later for general distribution in corrected printed form as Official Records.

Of the other documents, a few appear as printed Supplements to the Official Records (a fact always noted in this index), and the rest are issued in mimeographed form. Some of these, such as the reports of committees on various agenda items, are subsequently printed in the Annexes to the Official Records. Resolutions adopted by the General Assembly, first issued in mimeographed form, are collected in printed Supplements to the Official Records of each session. After their republication in the Official Records, provisional mimeographed documents are no longer available. See pages 11, 24, 43 and 57 for lists of documents of each session.

4. Printed documentation of each session of the General Assembly may be obtained, or purchased from authorized sales agents, by requesting:

General Assembly, Official Records, sixth emergency special session, seventh emergency special session, eighth emergency special session or eleventh special session:

Meeting ... (specify plenary or committee meeting number) for summary or verbatim record fascicles.

Supplement No. ... (specify supplement number) for documents issued in this form.

Annexes, Agenda item ... (specify agenda item number) for documents republished in the Annexes.

Sessional Fascicle ... (11th special session, Ad Hoc Committee, containing corrigendum to meetings).
