
List of Hidden Cisco Jabber Emoticons

Release: 11.8, 11.9, 12, 12.1, 12.5

Use emoticons to make your Cisco Jabber messages more fun and memorable. There's a lot of emoticons hidden away in Jabber than what you **normally see. The good news is that they're easy to find, fun to use, and can be added to your existing emoticons in minutes**

Every new version of Jabber comes loaded with a new set of emoticons

We recently added these fun emoticons:

We've hidden some emoticons that might not be familiar to you. Give them a try and maybe you'll surprise your colleagues and friends with them. You can always access the non-hidden emoticons by clicking the smiley face icon in the message area.

Here's a table that lists some of our hidden emoticons:
