

COCKTAILS

The Mizumi cocktail menu is inspired by Japanese ideals that promote the value of harmony and balance in our approach to everyday life, philosophy and nature. Each cocktail celebrates Japanese ingredients and tells the story of a different aesthetic or virtue.

JAPANESE WHISKY

Every sip of Japanese whisky takes the palate on a journey through the environments of Japan — scenic, peaceful, frenetic, exotic and resplendent. The dynamic qualities of Japanese whisky make it one of the most sought-after categories in the spirit world. Water and wood, sourced from the country's most pristine locations, are critical to the finished product. It carries a distinct flavor you cannot find in other spirits.

NON-PEATED

Whisky without peat possesses a less smoky flavor. The malt for non-peated whisky is dried with hot air instead of smoke. Smooth and approachable, those who love a range of spirits enjoy non-peated whisky most.

PEATED

Rich and smoky, Peat is what gives whisky its complexity and sophistication. For those who love intense flavor and aromas, there is no greater way to engage the palate than by getting peaty.
