

Deployment Related Respiratory Symptom Questionnaire

Military Service

- Service Branch:
 - Army
 - Air Force
 - Navy
 - Marine Corps
 - Coast Guard
 - Reserves
 - National Guard
 - Contractor/Other
- Service Dates: month/year beginning of service – month/year end of service
- Military Occupational Specialty Code(s):
(e.g., Army MOS, Marine Corps MOS, Airforce AFSC, Navy Rate or NEC)
- What was the date of your first physical fitness test (also known as physical fitness readiness test) of your military career?
- What was your run-time for this physical fitness test?
 - (2-mile run for Army, 1.5-mile run for Airforce and Navy, 3-mile run for Marine Corps)

Deployment History Southwest Asia (e.g., Kuwait, Iraq, Saudi Arabia, Oman, Bahrain, Qatar, Syria, U.A.E., Jordan) Afghanistan and Djibouti Deployments

- Did you deploy to any of these locations between 1990 through today?
- How many times have you deployed to Southwest Asia since 1990 up until today?

Airborne Hazard Exposures

Did you have exposures to any of the following (Yes/No/Unsure)?

If yes, how frequently (Daily/Occasionally/Once)?

- Smoke from Burn Pits?
- Trash-burning (e.g., burn barrels for human waste/feces)?
- Sandstorms?
- Oil well fires?
- Diesel (vehicular or jet fuel)?
- Mixing or burning of chemical agent-resistant coating (CARC) paint?
 - (CARC has isocyanates, which are respiratory sensitizers that are therefore asthmagenic)
- Fires (e.g., military vehicle fire, industrial fire)?
- Explosions/Blasts (e.g., improvised explosive devices)?
 - If yes, did you experience loss of consciousness with any explosion?
- Other job-related vapors, gases, dust, or fumes? (Please list)

Symptoms During and/or Post-Deployment

What respiratory symptoms, if any, did you experience during deployment?

- Nasal congestion/postnasal drip?
- Cough?
- Shortness of breath?
- Chest tightness/wheezing?
- Respiratory infection?
- Other?

Did you see a medic or seek any medical treatment during or after this deployment?

- Did you use inhalers, prednisone, antibiotics for respiratory infection or other medications for respiratory issues?

Have you ever seen a specialist for your symptoms?

- If so, were you diagnosed with a respiratory condition?
- Did your symptoms improve or resolve?
- Do you still have symptoms and/or did your symptoms worsen?
