## THIRD QUARTER 2005 ADVANCE DATA FROM THE QUARTERLY FINANCIAL REPORT U.S. MANUFACTURING, MINING, AND WHOLESALE TRADE CORPORATIONS

## Seasonally Adjusted After-Tax Profits and Sales

## Manufacturing Corporations

Seasonally adjusted after-tax profits of U.S. manufacturing corporations totaled $\$ 104.7$ billion in the third quarter 2005, the U.S. Census Bureau reported. Third quarter 2005 after-tax profits were up $\$ 6.6$ ( $\pm 1.3$ ) billion from the $\$ 98.1$ billion recorded in the previous quarter. Third quarter 2005 after-tax profits were up $\$ 13.3( \pm 1.2)$ billion from the $\$ 91.4$ billion recorded in the same quarter a year ago.

Seasonally adjusted sales for these manufacturers totaled $\$ 1,407.2$ billion for the quarter, up $\$ 57.3$ ( $\pm 9.2$ ) billion from the $\$ 1,349.9$ billion recorded in the second quarter 2005, and up $\$ 159.1$ ( $\pm 8.8$ ) billion from the $\$ 1,248.1$ billion recorded in the third quarter 2004.

After-tax profits averaged 7.4 cents per dollar of sales for the quarter, 7.3 cents last quarter, and 7.3 cents a year earlier.

## Nondurable Goods Manufacturers

Nondurable goods manufacturers' after-tax profits in the third quarter 2005 were $\$ 61.2$ billion, up $\$ 4.0( \pm 0.8)$ billion from the $\$ 57.2$ billion recorded in the previous quarter, and up $\$ 9.5( \pm 0.7)$ billion from the $\$ 51.7$ billion in the third quarter 2004.

Seasonally adjusted sales for the quarter were $\$ 713.8$ billion, up $\$ 37.2( \pm 7.0)$ billion from the $\$ 676.6$ billion recorded in the prior quarter, and up $\$ 109.8$ ( $\pm 6.6$ ) billion from the $\$ 604.0$ billion in the third quarter 2004.

After-tax profits averaged 8.6 cents per dollar of sales for the quarter, 8.4 cents last quarter, and 8.6 cents a year earlier (not a statistically significant change).

## Durable Goods Manufacturers

Third quarter 2005 seasonally adjusted after-tax profits for durable goods manufacturers were $\$ 43.5$ billion, up $\$ 2.6$ ( $\pm 1.1$ ) billion from the $\$ 41.0$ billion recorded in the previous quarter, and up $\$ 3.8$ $( \pm 1.0)$ billion from the $\$ 39.7$ billion in the third quarter 2004.

Seasonally adjusted sales for the quarter were $\$ 693.4$ billion, up $\$ 20.1( \pm 7.9)$ billion from the $\$ 673.3$ billion recorded in the previous quarter, and up $\$ 49.3$ ( $\pm 7.7$ ) billion from the $\$ 644.1$ billion recorded in the third quarter 2004.

After-tax profits averaged 6.3 cents per dollar of sales for the quarter, 6.1 cents last quarter, and 6.2 cents a year earlier (not a statistically significant change).

## Unadjusted After-Tax Profits and Sales

## Manufacturing Corporations

Third quarter 2005 unadjusted after-tax profits for U.S. manufacturing corporations were $\$ 103.6$ billion, up $\$ 13.8( \pm 1.2)$ billion over the $\$ 89.8$ billion recorded in the same quarter a year ago. This overall improvement was mainly due to higher operating profits and the absence of nonrecurring charges. When compared to the second quarter 2005 after-tax profits of $\$ 105.9$ billion, the third quarter 2005 after-tax profits were down $\$ 2.3( \pm 1.3)$ billion.

Unadjusted sales for the third quarter 2005 were $\$ 1,409.4$ billion, up $\$ 158.4$ ( $\pm 8.8$ ) billion from the $\$ 1,251.0$ billion in the same quarter a year ago, and up $\$ 32.9$ ( $\pm 9.2$ ) billion from the prior quarter sales of $\$ 1,376.5$ billion.

After-tax profits per dollar of sales averaged 7.3 cents this quarter, 7.7 cents last quarter, and 7.2 cents in the third quarter 2004.

## Nondurable Goods Manufacturers

Third quarter 2005 nondurable goods manufacturers' unadjusted after-tax profits of $\$ 62.4$ billion were up $\$ 9.8( \pm 0.7)$ billion from the $\$ 52.6$ billion recorded in the third quarter 2004. When compared to the third quarter last year, results were mixed within the industry categories. Petroleum and coal products reported an increase of $\$ 6.9( \pm 0.1)$ billion, mainly due to increased domestic and equity earnings. Chemical products also reported an increase, $\$ 0.9( \pm 0.5)$ billion, mainly due to increased domestic earnings. The other nondurable industries reported minimal gains or not statistically significant changes.

Unadjusted sales for the third quarter 2005 were $\$ 723.3$ billion, up $\$ 111.2( \pm 6.6)$ billion from the $\$ 612.0$ billion in the same quarter a year ago, and up $\$ 37.5$ ( $\pm 7.0$ ) billion from the prior quarter sales of $\$ 685.8$ billion.

After-tax profits per dollar of sales averaged 8.6 cents this quarter, which was approximately the same as last quarter and the third quarter 2004.

When compared to the second quarter 2005 after-tax profits of $\$ 58.7$ billion, the third quarter 2005 after-tax profits were up $\$ 3.8$ ( $\pm 0.8$ ) billion. Petroleum products’ increase of $\$ 1.8$ ( $\pm 0.1$ ) billion came mainly from equity earnings and nonoperating income in the quarter. Chemical products’ overall increase of $\$ 1.1( \pm 0.5)$ billion came from an increase of $\$ 3.8( \pm 0.4)$ billion in pharmaceutical products more than offsetting decreases in the other chemical products industries. Pharmaceutical products' increases were mainly due to an increase in dividend income and nonrecurring gains. The changes in after-tax profits in the textiles, printing, and plastics and rubber industries were not statistically significant. Beverage and tobacco products reported a modest decline of $\$ 0.7$ ( $\pm 0.1$ ) billion.

## Durable Goods Manufacturers

Third quarter 2005 durable goods manufacturers' unadjusted aftertax profits of $\$ 41.2$ billion were up $\$ 3.9$ ( $\pm 1.0$ ) billion from the $\$ 37.2$ billion recorded in the third quarter 2004. When compared to the third quarter last year, results were mixed within the industry categories. Fabricated metal products, computer and electronic products, and machinery products reported modest increases in earnings mainly due to domestic operations. The decline in domestic operating profits in the transportation equipment industry resulted in a decrease of $\$ 3.7$ ( $\pm 0.3$ ) billion. Furniture products change in after-tax profits was not statistically significant.

Unadjusted sales for the third quarter 2005 were $\$ 686.1$ billion, up $\$ 47.2( \pm 7.7)$ billion from the $\$ 638.9$ billion in the same quarter a year ago, but not statistically different from the prior quarter sales of $\$ 690.7$ billion.

After-tax profits per dollar of sales averaged 6.0 cents this quarter, 6.8 cents last quarter, and 5.8 cents in the third quarter 2004.

When compared to the second quarter 2005 after-tax profits of $\$ 47.2$ billion, the third quarter 2005 after-tax profits were down $\$ 6.1( \pm 1.1)$ billion. Results were mixed within the industry categories. Transportation equipment reported greater domestic operating losses which resulted in a decline of $\$ 4.7( \pm 0.3)$ billion. Primary metal industries posted a modest loss of $\$ 1.4( \pm 0.2)$ billion from domestic and equity earnings. Miscellaneous manufacturing reported a modest increase of $\$ 1.0( \pm 0.3)$ billion due to domestic and equity earnings. Several durable goods manufacturers posted changes in after-tax profits which were not statistically significant.

## Mining Corporations

Third quarter 2005 unadjusted after-tax profits for mining corporations with assets of $\$ 50$ million and over, at $\$ 9.1$ billion, were up $\$ 3.5( \pm 0.1)$ billion from the $\$ 5.6$ billion recorded in the third quarter 2004.

Unadjusted sales for the third quarter 2005 were $\$ 38.2$ billion, up $\$ 6.9( \pm 0.2)$ billion from the $\$ 31.3$ billion in the same quarter a year earlier.

After-tax profits per dollar of sales averaged 23.8 cents this quarter, compared to the 17.8 cents in the third quarter 2004.

## Wholesale Trade Corporations

Third quarter 2005 unadjusted after-tax profits for wholesale trade corporations with assets of $\$ 50$ million and over, at $\$ 8.8$ billion, were down $\$ 0.7$ ( $\pm 0.2$ ) billion from the $\$ 9.5$ billion recorded in the third quarter 2004.

Unadjusted sales for the third quarter 2005 were $\$ 420.0$ billion, up $\$ 41.0( \pm 5.8)$ billion from the $\$ 379.0$ billion in the same quarter a year earlier.

After-tax profits per dollar of sales averaged 2.1 cents this quarter, compared to the 2.5 cents in the third quarter 2004.

## NOTE

These advance data, based on quarterly financial reports from approximately 8,000 corporations, were released today from the Quarterly Financial Report for Manufacturing, Mining, and Trade Corporations - Third quarter 2005 (QFR-05-3).

## SAMPLING

The data presented in this report are estimated from a sample survey and therefore are subject to sampling variability as well as nonsampling variability such as response error, nonreporting, and coverage errors. Estimates of sampling variability are presented in the publication. A statement such as "up $2.5( \pm 0.2)$ cents", appearing in the text, indicates the range ( +2.3 to +2.7 cents) in which the actual change is likely to have occurred. The range given for the change is a $90 \%$ confidence interval that accounts only for sampling variability. If the range had contained zero (0), it would have been uncertain whether there was an increase or decrease; that is, the change would not have been statistically significant. For any comparison cited without a confidence interval, the change is statistically significant at the $90 \%$ confidence level. The quarterly publication includes more detailed explanations of confidence intervals and sampling variability, along with additional measures of sampling variability.

## DATA AVAILABILITY

This press release can be viewed today in page image format (.pdf) at the internet website http://www.census.gov/csd/qfr. More detailed information on U.S. Manufacturing, Mining, and Wholesale and Retail Trade Corporations is available for downloading at our website under "QFR Products: Publication". The publication includes statements of income and retained earnings, balance sheets, and related financial and operating ratios. Data presented are classified by industry and asset size.

${ }^{1}$ Operating profits are profits before nonoperating income and expense items and income taxes.
${ }^{2}$ Revised.
${ }^{3}$ Manufacturing data are the quarterly results of companies within that division with assets over $\$ 250,000$; whereas, data for mining and trade corporations represent the quarterly results of companies with assets of $\$ 50$ million and over.
${ }^{4}$ Included in major industry above.

[^0]:    Third quarter 2005 advance data for U.S. Retail Corporations are scheduled for release on January 11, 2006.

    Fourth quarter 2005 advance data for U.S Manufacturing, Mining, Wholesale and Retail Trade Corporations are scheduled for release on April 4, 2006.

[^1]:    ${ }^{1}$ Data after first quarter 2000 are presented on the North American Industry Classification System basis. Data prior to first quarter 2000 are presented on the Standard Industrial Classification system basis.
    ${ }^{2}$ Revised.
