Deloitte Halo
Independent Digital
Whistleblowing Solution

We are led by a purpose: to make an impact that matters.

Deloitte is a recognised global provider of independent whistleblowing solutions to corporate and public sector entities across the globe. Our goal is to help organisations to minimise workplace misconduct and strengthen governance effectively.

Issues such as fraud, bribery and corruption, misconduct, harassment, bullying, unethical behaviour are all risks that have the potential to cause financial and reputational damage to organisations when left undetected.

Never a comfortable pursuit, it is of critical importance for organisations to establish safe channels for whistleblowers to step forward and 'blow-the-whistle' to expose sensitive issues in a confidential manner.

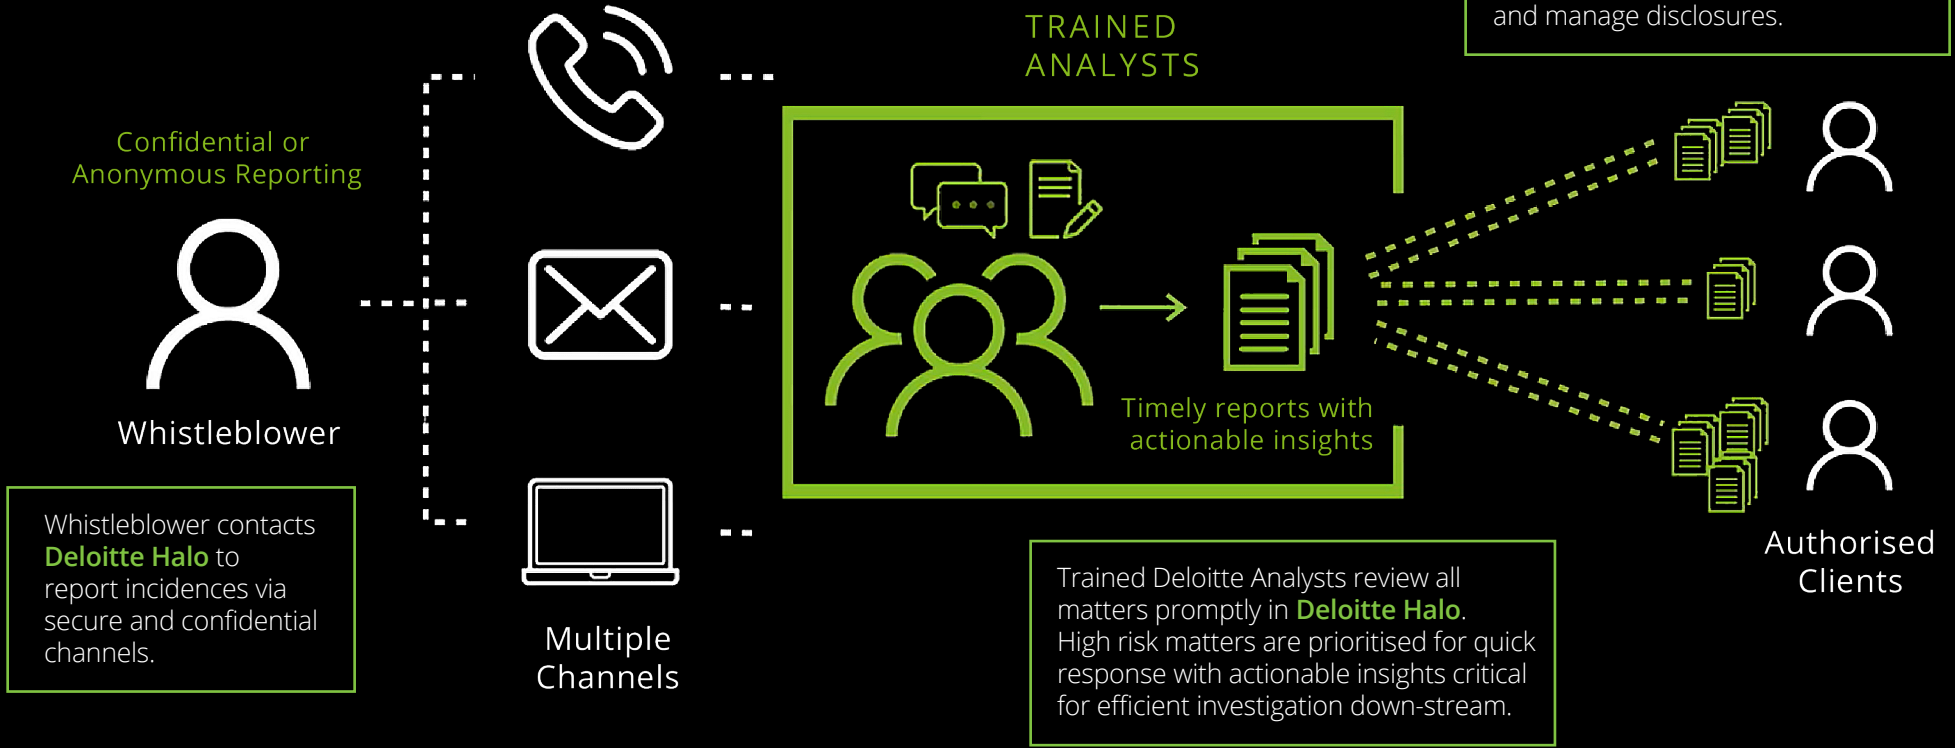

Deloitte Halo, our digital whistleblowing solution equips organisations with secure and confidential reporting channels layered with advanced security features. It also facilitates case management and provides insight using analytics across your organisation's whistleblowing disclosures. Trained Deloitte Analysts will review incidents and prepare reports, and escalate high-risk matters.

To strengthen governance and internal controls, Deloitte also helps organisations to manage regulatory change and adhere to whistleblowing obligations. For the last two decades, Deloitte's goal is to design a clear, practical and implementable whistleblowing programme that monitors policies and effectiveness of controls, to help organisations see their risks first.
